Frontend Developer — React & Next.js

Alphen aan den Rijn, Netherlands · open to The Hague (hybrid / on-site), part-time · jimvanduijsen@gmail.com · [\[phone number\]](#) · [\[LinkedIn / portfolio URL\]](#)

PROFILE

Frontend developer with hands-on production experience in React, Next.js and TypeScript. Currently working on the transfer of a company website from WordPress to Next.js, and running a small web development business on the side. Looking for a part-time frontend role alongside my current work.

EXPERIENCE

Frontend Developer — Crypto Insiders [start month/year] – Present
Part-time · Remote / Netherlands

- Working on the transfer of the company's website from WordPress to Next.js, rebuilding pages to closely match the original designs
- Contributed to a multilingual (NL/DE) rollout and fixed bugs and technical issues along the way

Founder & Freelance Developer — Havonyx / Self-employed [start month/year] – Present
Netherlands · Web development

- Run a small web development business alongside independent freelance work, building websites and web tools for clients with React, Next.js and TypeScript
- Handle the full range of running a small business, from engineering to outreach and marketing, though the engineering side is what I enjoy most and still spend most of my time on
